

~WHO/WHAT~

All 16-month MSW students in *Health* and *Mental Health* concentrations interested in field placements at the **UM Health Systems Department of Social Work** are welcome to attend this information session for field placement offerings.

~WHEN~

September 8, 2014 ~ 5:00pm – 6:00pm

~WHERE~

SSWB 1840 (ECC)

~WHY~

This meeting is loaded with all the information you will need to make an informed decision regarding your field application. All placement request materials (goal statements, resumes, etc) for UMHS placements are due to the Office of Field Instruction no later than **September 16, 2014**. This is a FIRM DEADLINE. **Materials received after this date will not be considered.** Interviews will be completed by the end of October, with selection of interns taking place after interviews. As this process takes place earlier than the application process for other agencies, this information session is provided.

Students considering national or international field placements for the Spring-Summer 2015 term are not eligible for UMHS placements as these require a full year commitment.

For more information regarding applications for these placements, please contact Oliva Alban Kuester, Field Faculty/Liaison, Office of Field Instruction, oakuster@umich.edu.

(Please do not contact the UMHS Department of Social Work directly about placements).
