Substitutions

- Students can replace a foundation course requirement or an advanced course requirement with the permission of the Associate Dean (in the summer prior to enrollment) or with the permission of their advisor and the Associate Dean (following the beginning of the program).
- Substitution for a foundation course would typically require completing an advanced course in the same part of the curriculum. (For example, a student would typically need to substitute an advanced Social Welfare Policy and Services course for SW 530 and an advanced macro methods course [Management of Human Services, Social Policy and Evaluation or Community Organization] for the SW 560 course.)

- When searching for field (SW 515 or SW 691) be sure to include “independent studies”

Registration Tips

- Fall Term 2016 may be the best term to access a course outside of the School of Social Work for 16 Month Students.
- Why? 16 Month students are typically not enrolled in field during the first fall term.
- If you decide to pursue this option, and you are an interpersonal practice concentrator, you should delay enrollment in SW 521 (CO, MHS and SPE students) or SW 560 (IP students) until Winter Term 2017 (if you do not have any exemptions).
