**Course Description:**

Distrust based on a history of unsatisfactory experiences with human service professionals and low retention in, and premature termination of services can reduce successful outcomes for members of African American communities. Participants in this course will examine racial microaggressions in practice as a source of these outcomes. Participants will define and identify racial microaggressions and their impact on clients and on the professional relationship. Attention will be given to the cultural context in the way racial microaggressions are experienced and dilemmas about how to respond. The effect of power differentials on the interpretation of racial microaggressions will be examined. Using an African-centered perspective, the course will be knowledge-, skills-, and values-based and will include assigned readings, power point presentations, video-clips, case studies, and small-group problem-solving. Participants will practice alternative methods of intervening when in the presence of racial microaggressions.

**Course Objectives:**

1. Explain mistrust Black people often bring to social work services, its historical basis, and implications for engagement outcomes.
2. Define racial microaggressions and their relation to racism.
3. Discuss similarities and differences in same-race and cross-racial social work services situations.
4. List and explain three forms of racial microaggressions and the themes observed in the various forms.
5. Explain competing perspectives in labeling or interpreting the occurrence of a racial microaggression
6. Discuss dilemmas Black people face in identifying and addressing racial microaggressions.
7. Explain effects of racial microaggressions on the physical, social, and psychological well-being of Black people as identified in current research literature.
8. Describe the impact of encounters with racial microaggressions on outcomes of social work services.
9. Label, categorize, and address racial microaggressions in one-on-one, community, management and policy advocacy and practice interactions.
10. Describe cultural respect as an alternative to racial microaggressions in early interactions with Black service recipients.
11. Intervene in the occurrence of a racial microaggression in a one-on-one, community, management, or policy advocacy and practice interaction.

12. Create an atmosphere of sensitization to racial microaggressions in social work services systems.

#### **Relationship to the Four Curricular Themes:**

1. *Multiculturalism and Diversity* will be addressed through the discussion of racial microaggressions experienced by Black individuals receiving social work services. Readings, case-studies, class discussion, and small group activities will reflect this theme.
2. *Social Justice and Social Change* are addressed through the discussion of power/privilege differentials and competing perspectives of racial microaggressions.
3. *Promotion, Prevention, Treatment, and Rehabilitation* are addressed through the identification of intervention and prevention strategies for racial microaggressions in social work practice.
4. *Behavioral and Social Science Research* will be incorporated throughout the course, drawing on the history and impact of racial microaggressions and implications for practice.

***Social Work Ethics and Values*** are addressed within the course as they pertain to issues related to working with clients and colleagues and with and regarding African American clients. The NASW Code of Ethics are available to give students direction about these ethical issues. This course will focus on social issues as they have implications for African American clients in particular. Examples are commitment to clients, self-determination, cultural competence and social diversity, privacy and confidentiality, respect, administration, and competence.

#### **Course Requirements:**

1. Students are expected to attend **all** class sessions and to actively engage in class discussions. **The instructor must be notified in the event of a possible absence. Extreme tardiness will be marked as an absence.** If there is an emergency or documented illness, a make-up assignment will be offered.
2. Completion of a 2-4 page paper on integrating this coursework into one's professional life and in-class presentations, group discussions and engaged participation.

Grading will be satisfactory or unsatisfactory for the course.

#### **Accommodations for students with disabilities:**

If you need or desire accommodation for a disability, I encourage you to contact me at your earliest convenience. Many aspects of the course can be modified to facilitate participation and progress throughout the course. Resources are available (i.e. services for students with disabilities, adaptive technology, computing site, etc.) to make learning more effective for you. To the extent permitted by the law, the information will be treated as private and confidential.

#### **Religious Observances:**

Please notify me if religious observances conflict with class attendance for due dates for assignments so that we can make appropriate arrangements.

#### **Safety & Emergency Preparedness**

In the event of an emergency, dial 9-1-1 from any cell phone or campus phone.

All University of Michigan students, faculty and staff are required to familiarize themselves with emergency procedures and protocols for both inside and outside of the classroom. In the event of possible

building closure (i.e. severe weather conditions, public health notices, etc.) you may contact (734)764-SSWB(7793) for up-to-date School closure information.

Be Prepared. Familiarize yourself with the emergency card posted next to the phone in every classroom/meeting room. Review the information on the emergency evacuation sign (located nearest the door) and locate at least (2) emergency exits nearest the classroom.

If you are concerned about your ability to exit the building in the case of an emergency, contact the Office of Student Services and/or email [ssw-ADAcpliance@umich.edu](mailto:ssw-ADAcpliance@umich.edu).

### **Course Assignments:**

#### **Racial Microaggression Case Study In-class Group Presentations.**

**December 5, 2018**

Develop a case study involving a racial microaggression incident (from the perspective of one of the social work practice methods OR your profession) and explain how you would intervene when the racial microaggression occurs. The presentation should integrate multiple lenses (client, community, professional etc...) and exemplify theories for practice from the perspective of interpersonal practice, community organization, management of human services, or social policy and evaluation. Please include an examination of competing perspectives.

#### **Personal Strategy Reflection Paper (3 – 4 pages).**

Submit through CANVAS by **Saturday, December 8, 2018 at 11:59 PM.**

Students will write a 3 – 4 page reflection on how they will integrate the knowledge that they have gained about racial microaggressions within the context of their practice concentration or area of focus.
