### Course Statement

**Course Description**

This Capstone course will provide students an opportunity to reflect on their social work education, as well as look forward to their future social work career. Students will explore concepts of professional resilience and social work identity, as well as gain an understanding of lifelong learning as a core value of the social work profession. The course will provide an opportunity for students to integrate and apply learning from their academic career in a comprehensive manner. The course will assess the students’
overall mastery of social work competencies, as demonstrated through products produced over the course of their study and collected in a professional portfolio. Students will be given the opportunity to develop a cover letter and resume, as well as explore interviewing and negotiating skills necessary to secure a social work position upon graduation.

Course Objectives and Competencies:

Identify the importance of lifelong learning, including the effective use of supervision and consultation (Essential 37; EPAS 1).
Demonstrate the use of effective communication strategies to market yourself as a professional social worker (Essential 41; EPAS 1, 6, 8).
Develop a plan for professional resiliency (Essential 43; EPAS 1).
Apply the 4 core components of emotional intelligence to future growth as a social worker (Essential 42; EPAS 1).
Reflect on social work learning, especially related to key social work competencies (Essential 42; EPAS 1)

Design:

This course will use multiple methods including but not limited to: lectures, demonstrations, case studies, readings, guest speakers, discussions, written assignments, individual and group exercises. The course will make use of a computer based portfolio system.

Intensive Focus on Privilege, Oppression, Diversity and Social Justice (PODS):

This course will integrate PODS (privilege, oppression, diversity and social justice) as the framework through which social work practice is viewed. Students will explore how these concepts manifest in social work practice. Students will provide a demonstration of a product or assignment, and reflect on the relationship to PODS.

This course integrates PODS content and skills with a special emphasis on the identification of theories, practice and/or policies that promote social justice, illuminate injustices and are consistent with scientific and professional knowledge. Through the use of a variety of instructional methods, this course will support students developing a vision of social justice, learn to recognize and reduce mechanisms that support oppression and injustice, work toward social justice processes, apply intersectionality and intercultural frameworks and strengthen critical consciousness, self-knowledge and self-awareness to facilitate PODS learning.

Class Requirements:
Synchronous and Asynchronous for Classroom Time:

The current known best practice of online teaching is a combination of synchronous and asynchronous teaching, which means some of the in-person classroom learning will now be obtained before and/or after each week’s synchronous session. In principle, each week’s synchronous session will be approximately 1.5 hours with a 10 to 15 minute break.

Student Camera On Expectation:

When possible, it is expected that the students will keep their cameras turned on during the synchronous session. “Camera on” is required for break out groups and simulated interviews as visual contact is an essential component of those interactions.

Attendance and Class Participation:

I highly encourage you to attend all Zoom classes and to actively participate in class. Poor attendance will hurt your grade, as will low participation. Should something prevent you from attending the Zoom class (i.e. illness, a conference, a religious observance, personal emergency, internet or other access issues) please let me know, at least 24 hours before an expected absence, or within 24 hours of an unexpected absence/emergency).

Note: If you are absent from class, you are still responsible for any assignments due that day. Please review the Policy on Class Attendance found in the MSW Student Guide.

Student Time Expectation:

This is a 1-credit course and is offered online. This means that, as a student, you are expected to spend a total of 112.5 hours throughout the semester, including synchronous & asynchronous classroom time. For more details, please go to the UM Center for Academic Innovation website.

Class materials:

Required readings, assignments and required videos to watch will be posted to Canvas. There are no required texts. Please complete all pre-work prior to meeting for that week’s module. Each session, we will walk through slide decks and Canvas site: Modules to review assignments, resources, etc.

*Any Changes in the class schedule or class content will be sent via announcement.
Assignments - please view assignments and due dates in the Canvas Assignment Tab.

This class is “Pass-Fail”. The criteria for grading individual assignments is as follows:

95-100 A Brilliant mastery of subject content; demonstrates exceptional skill, insight, reflection, understanding of self and others; exceptional mastery of core concepts. Only students who have achieved 100 percent attendance in this class will be eligible for a grade of A.

90 - 94 A- The difference between A and A- is based on the degree to which the above described skills are demonstrated

69 and below Student has failed to demonstrate minimal understanding of subject content.

OTHER FACTORS INFLUENCING GRADING:

If you have good attendance and participation and make a strong and timely effort on each assignment, you will do well in this class in terms of grading. I will provide clear, thoughtful feedback to help you deepen your awareness of a number of key issues - the process of working with others, who you are in the work (i.e. what appear to be strengths and chal-
lenges for you), themes that arise in Community Change work, writing and communication skills, etc.

If I write or say something that confuses or upsets you, please make an appointment so we can discuss it! If I help you deepen your understanding of something that is helpful for me to know too.
