

Housing Request Email Example

My name is **NAME**, and I am currently in my final year of a Masters of Social Work at **University X**. I will be coming to U-M /Ann Arbor to complete my final field placement this summer, and I am looking for housing from **START DATE** to **END DATE**.

I am really excited to come to Ann Arbor, and to be a part of U-M for a little time. I have lived overseas in the past, but never in the US. I'm excited to hear that Ann Arbor has such a great music/ arts culture - I hope to enjoy this as much as possible during my stay.

I am eager to live with housemates, but would prefer my own room. I have no preference for gender or age, though I do prefer a roommate who does not smoke. I am generally a neat person. I am looking to be within walking distance of campus or on a bus line. Please let me know if you have a sublet available.

Cheers,

NAME
