CHAPIN HALL AT THE UNIVERSITY OF CHICAGO SEeks committed translational scholars

Do you want to be at the forefront of research that shapes policy and practice? Interested in preventing youth homelessness and child maltreatment, evaluating child welfare and home visiting programs? Apply now to join a diverse team at Chapin Hall committed to research that informs the well-being of individuals, families, and communities that experience adversity. We have an ambitious agenda and exciting portfolio of projects that are equity centered, community powered, and evidence focused. Bring your expertise in research, data analytics, and/or project management to researcher positions at all levels.

Currently posted on our website are:

1. Researcher: Data Analytics and Applied Statistics (child welfare and youth homelessness)
2. Researcher: Mixed Methods (home visiting, housing/homelessness, child welfare)
3. Researcher: Data Analytics (child welfare)
5. Research Fellow/Sr. Research Fellow (child welfare leader)
